

# The Omnibus Edition

## Omnibus

Noun ~ a volume containing several books previously published separately

*Oxford Dictionary*

Anyone who has seen my CDs and DVDs over the years will know they are a wonderful collection of data for the classic-era motorcycle enthusiast, all gathered together in one place. But I have always had some material which did not fit into one of my big-name collections (BSA, Norton, Triumph) and this material was not enough on its own to devote a new DVD to.

As my Lucas/Amal and AJS/Matchless collections needed updating and reprinting, I have taken the decision to combine them into one disk, and add all the extra so-far-unpublished material I have.

It includes material, *but not everything*, on Velocette, Vincent, Royal Enfield and others. Let me be clear on that, the non-LUCAS and non-AJS/MATCHLESS collections here are not as comprehensive as those on the big-name DVDs, so read the attached list carefully before you buy, to see if it suits your needs.

And, if you have something I don't, and would like to let me have a copy to extend this work, drop me an email at <[kimthedman@icloud.com](mailto:kimthedman@icloud.com)>. I am always looking for more material to add to make these disks as complete as possible.

A word on piracy. I ask you not to pirate anything on this DVD. Note that the files herein have been created by me and are my intellectual property.

But the MAIN reason I hope you won't pirate anything is that, in the end, it would drive me out of the business of gathering and improving this one-stop collection, and that would be a loss for all of us.

The best way to use this List is to print a hard copy to read, you will see so much more than trying to take it in on a screen.

Enjoy, and many thanks

Kim

Kim the CD Man

<b>AJS 1956 Service</b>	Service Sheet 7E for 350cc Matchless & AJS	<b>Service Sheet 7E</b>
Match 1957	Parts List 1957 G3 & G80 Singles	CL41
Match 1957 Twin	Parts List 1957 G9 & G11 Super Clubman Twins	CL43
Match 1958 ALL	Parts List 1958 for all 350 & 500 singles, 500 & 600 twins.	CL45
Match 1959 ALL	Parts List 1959 for all 350 & 500 singles, 500 & 650 twins.	CL47
<b>Match 1959 Maint</b>	<b>Maintenance &amp; Instruction Book for 1959/60 Matchless Singles &amp; Twins</b>	printed 12/59? <b>NEW for Omnibus Edition</b>
Match 1960_62	Parts List for all 350 & 500 singles, 500 & 650 twins. 1960-61 with 62 supplement	A photocopy, but it was all I was able to get for this period.
Match 1962	Supplementary List to be used in conjunction with 1960 Main List CL51.	CL51/S/2
Match AJS 63_64	Combined Price & Parts List for all AJS-Matchless models for 1963-1964	CL53
<b>Match 1964 Maint</b>	<b>Maintenance &amp; Instruction Book for 1964-1966 Matchless Singles &amp; Twins, with Supplement.</b>	This file has the Supplement Book as well, and David from MODAK says it actually covers the models right up to 1966 as nothing substantial changed in the period.
Match AJS 1965	Supplementary List to be used in conjunction with CL 53, above. 1965 Models dissimilar to 1964 Models.	CL53/S
<b>Haycraft_one</b>	<b>The New Book of The Matchless, W.C. Haycraft</b>	<b>Covers all Singles from 1945 to 1950</b> NOTE: For copyright reasons this file may only be viewed on your computer, it may not be printed
<b>Neill_one</b>	<b>Service &amp; overhaul manual for the AJS &amp; Matchless Singles, 1958 to 1964, by F. Neill</b>	NOTE: For copyright reasons this file may only be viewed on your computer, it may not be printed
<b>Neill_two</b>	<b>Service &amp; overhaul manual for the AJS &amp; Matchless Twins, 1955 to 1965, by F. Neill</b>	NOTE: For copyright reasons this file may only be viewed on your computer, it may not be printed
<b>1962_A Brochure</b> <b>1962_B Brochure</b>	Two large files comprising a reproduction of the 1962 "Indian Matchless" model range	Full colour brochure in 2 parts
<b>1963_65_Twins_Spare_Parts</b>	1963-65 Spare parts List for Norton Twins but also includes Atlas (used in AMC twins), G15Pand G15CS (N & M)	
<b>1964 G15P Brochure</b>	Brochure for 1964 Matchless 750cc G15P	
<b>1965 Match Brochure</b>	Brochure for 1965 Matchless product range	
<b>1966 AJS Brochure</b>	Brochure for 1966 AJS 33 & 33CSR models	
<b>1967 G15 CS Brochure</b>	Brochure for 1967 Matchless G15 CS	Lot of 750 Norton stuff in this model
<b>P11 1967</b>	Parts List for 1967 Norton-engined P11 Scrambler	
<b>1968 Atlas P11 Brochures</b>	A series of four double-sided brochures covering the 1968 Norton Atlas in road and Street Scrambler configuration. The "off road" illustrations are of the Matchless P11, though	
<b>Workshop 1957_64</b>	This is a Norton Villiers Ltd workshop manual covering all AJS-Matchless singles & twins (but not the Norton-engined twins) from 1957 to 1964. The one I copied was, according to the "rubber stamps" on it, originally the property of <b>Gus Khun Motors Ltd</b> , Clapham Rd, London – now there's a bit of history!!	This is a full-on workshop manual with over 100 pages, not just an owner's handbook.
<b>Matchless_Hartley</b>	This is an electronic copy of a wonderful out-of-print book titled "Matchless – once the Largest British motorcycle manufacturer", by Peter Hartley. It is a full history of the marque from 1878 to the very last G80CS in 1969, detailing models, personalities, and the racing history.	NOTE: For copyright reasons this file may only be viewed on your computer, it may not be printed.
<b>AJ_Matchless Engine Numbers</b>	This document was salvaged from a cleanout of the archives of a country Victoria Police Station & was	This was an "internal" Victoria Police" document, never intended for outside

	used by Victoria's police to examine citizens' motorcycles with a view to checking registration details against engine numbers. The data base lists make and models, locations of engine numbers, and engine number ranges – just the thing for dating that machine of doubtful heritage. Covers AJS from 1946 to 1957, & Matchless from 1949 to 1956.	use, and is a bit "hand made".

Vincent_BC_Spares	Spare Parts List for the Series B & C 998cc Black Lightning, Black Shadow, and standard Rapide, and for the 499cc Series B Meteor, Series C Comet, and Series D Grey Flash.	Illustrated, plus 1952 Supplement, also with a whole series of Instruction or Service Sheets dated 1972 which clarify stripping or reassembly.
Vincent_Spares_1952_1957	Spare Parts List for the Series B & C 998cc Black Lightning, Black Shadow, and standard Rapide, and for the 499cc Series B Meteor, Series C Comet, and Series C Grey Flash.	Earlier version of above, but with 1952 & 1957 Supplements. Maybe duplication but included for maximum completeness.
Vincent_C_Sales_52	Vincent Sales Brochure C Series 1952	
Vincent_D_Sales	Vincent Sales Brochure D Series	
Vincent_D_Spares	Spare Parts List for the Series D 998cc Black Shadow, Rapide, Black Prince, and for the 499cc Black Knight	Very complete listing with full exploded illustrations.
Vincent_Handbook_1952	Rider's Handbook for the Series B & C Black Lightning, Black Shadow, and Rapide, plus the Meteor and Comet.	5 <sup>th</sup> Edition ~ Jan 1952
Vincent_Firefly_1953	A Bundle of Technical stuff and Photos for the World's Slowest Vincent	The World's Slowest Vincent
Vincent_Handbook_1960	Rider's Handbook for the Series B & C Black Lightning, Black Shadow, and Rapide, plus the Meteor and Comet	10 <sup>th</sup> Edition ~ 1960
Vincent_Maintenance	Type-written Maintenance Notes for the Various Vincent models, 108 pages	Dated Jan 1972
Vincent_BCD_Service	Vincent booklet of Instruction Sheets, Series B, C, and D	Dated Jan 1972, may be a reprint of above but has later-dated Sheets too.

# Everything Else

*This section contains material I could not adequately categorise anywhere else, but there is some bloody good material here!*

<b>Engine Number Database</b>	<p>The information in this file was provided to me by "Peter", and was salvaged by him from a cleanout of the archives of a country Victoria Police Station.</p> <p>The information was obviously prepared for, and used, by Victoria's police many years ago to examine citizens' motorcycles with a view to checking registration details against engine numbers. The complete database* covers a very comprehensive range of bikes, listing little-known makes like Acme right through the alphabet to Zundapp. Some data dates back to 1926 but the most complete period covered appears to be from 1946 to 1972.</p> <p>All the major and many minor British marques are listed!</p> <p>The data base lists make and models, locations of engine numbers, and engine number ranges – just the thing for dating that machine of doubtful heritage.</p> <p>The "location" columns in the charts refer to the 3 diagrams at the end, which were unfortunately of very bad quality and needed some re-doing on my part. The "originals" I copied from were themselves second-or-third generation copies of hand-typed pages but it is almost all legible, and it is priceless stuff.</p>
<b>Saint_Craven</b>	Brochure of Craven fittings for Triumph Police Motorcycles

# *The Second Book of Lucas*

The Grimoires of the Prince of Darkness

*2<sup>nd</sup> printing ~ Omnibus DVD ~ 2014*

Acolytes of The Book Of Lucas Use their Powerful Knowledge to Restore Lighting  
to This Elderly Lady's Norman Nippy

Including the Rites and Mysteries of the  
lesser Deities AMAL, GIRLING, SMITHS, and others

**Compiled by Kim The CD Man**  
**© 2003. Revised 2014**

*Note: The Lucas Grimoires Contents List runs from page 5 to page 17*

## **Contents List ~ The 2<sup>nd</sup> Edition Lucas Collection**

For those who have been attracted and captured by the dark magic of British motorcycles, **The Lucas Grimoire** is a treasury containing the most arcane of knowledge ~ the darkest secrets of the Prince of Darkness himself, the awe inspiring LUCAS, together with the equally-mystifying lore of his dire lieutenants AMAL, GIRLING, and SMITHS, plus lesser deities.

If you have ever been frustrated by any of these diabolical entities, have spent object hours in your workshop or by the roadside attempting to propitiate the Gods of British motorcycles– herein are the recipes, spells, and knowledge to tap the electrical, carburation, and suspension secrets of your British motorcycle.

Seriously now, this is a collection of Parts Lists, Workshop Manuals, specification sheets, and other useful data, all together in one compilation for the first time. Such treasures as AMAL settings for almost all British bikes from 1933 to 1966, plus the later Concentrics, and Spare Parts lists for many of the models over the years. The Lucas files cover pretty much everything from 1936 to the 1970's, with Parts Lists, Maintenance and Repair Manuals and Technical Data sheets, and there are SMITHS Parts Lists too which covers all the chronometric clocks and tachometer and speedo gearboxes from the 1950's to 1960's. I have also included data for other proprietary parts fitted to British bikes – Renolds, Girling, Champion.

You may have a Factory Parts and Workshop Manual for your motorcycle which covers the bike and its engine/gearbox, but does it list and illustrate all the “proprietary” electrical parts and the carburettors? Well, the “Lucas Grimoires” almost certainly will.

The most outstanding assistance in the compilation of this CD was given by **Phil Pilgrim** of **Union Jack Motorcycles** (Melbourne, Australia), who allowed me to copy his huge collection of Amal, Lucas, and Smiths lore. Please repay his dedication by buying your Triumph parts from Union Jack Motorcycles in Melbourne, Australia.

Kim The CD Man

### **IMPORTANT NOTE ON PRINTING**

*I have found that a very few customers have had trouble printing some of the pages on some of these files, where they either do not print at all or come out as “mirror images”. This is apparently caused by some sort of conflict with some HP drivers. You can fix it by sending your files to your printer as “images”. Or, obtain the latest printer drivers and Acrobat Reader off the net. 99.9% of customers have not encountered the problem, however. Also note, some of the pages copied were not in the best of condition, and some pages may not be absolutely perpendicular to the page edges. Sorry, can't always be helped! My FIRST consideration is NOT to damage the old books any more than they may be already, especially as I have only borrowed them. The information therein is still OK.*

# AMAL

File Title	Description	Ref Number (if present), or Notes
Amal_351	Spare parts List, illustrated, undated but may be April 1938	List No 351 W 4/38 3,000

<b>Renold Golden Years</b>	Another catalogue, but just the well-known marques, early 1950's to 1972.	

# SMITHS

## Smiths\_1

SMITHS Motorcycle Equipment Parts List and catalogue from 1954 to 1958.

## Smiths\_2

This is a series of lists and catalogues from a New South Wales company, KTT Services, which specialised in rebuilding Smiths instruments. As far as I can tell the company has ceased trading, but the information in the pages are very interesting, showing lots of different models and parts. There is also some correspondence between KTT and Union Jack Motorcycles which sheds light on essential maintenance needed to keep your Smiths clock happy.

## Smiths 1966

Smiths catalogue for Motorcycle Equipment – 1966

**New for this Edition**

## Smiths Speedo

This is a really good article on how a Smiths Chromometric speedo works, and why it is so good. The article was written by Dennis Wright and is reproduced here with his permission.
